

The English Literacy for Career and Technical Education (ELCATE) Program is a partnership between ESOL and various career certificate programs that allows students to increase their English language proficiency while earning a career certificate in a high-demand career field.

The program is designed to provide access to quality language acquisition instruction to enhance previously acquired education.

Career Options

The ESOL program prepares students to transition into other College programs and enables them to pursue economic success and assimilate as active citizens in northeast Florida's diverse community.

Advising

(904) 997-2513 or ESOL@fscj.edu.

Important for You to Know

ESOL courses are hybrid classes made up of a face-to-face class and independent online work. For CCR classes, the face-to-face class generally meets online.

The ELCATE program has a minimum of 350 contact hours in addition to the contact hours required for your selected career certificate program. Students with higher CASAS scores may not be required to complete all program contact hours.

ELCATE students must be careful not to test out of the Level 6 range since they lose eligibility for the ELCATE program once they score above 235 in Reading and score above 227 in Listening.

Note: Students can bypass the Civics & Law class by earning a passing score on the ESOL Civics Test.

Recommended Roadmap

This roadmap provides general guidance about recommended courses. For specific guidance about your individual academic degree plan, please see an advisor. Also refer to the College Catalog for additional information.

Placement is based on CASAS Reading scores of 221-235 **or** Listening scores of 219-227. Students are placed based on the lower of the two scores and will progress to the next level when both scores are in range.
